“ *I met Amber by chance. I received an email that was intended for her sister Bernadette about an engagement years ago I believe of her eldest daughter Melissa. I replied back and explained how our emails at the time were similar based on our common name. We began corresponding and then when it was cool for adults to be on Facebook we became friends their too. I am saddened to hear of Ambers passing. I will miss my online friend. I believe we were connected on purpose for some reason. Like old fashioned pen pals. My sympathies to the entire family. I'll always remember Amber*❤️

“ I have so many fun memories with Amber. She was like a second mom to me and I couldn't imagine spending my childhood with anyone else as my second mom. Her bright smile, love for her family and sense of humor made her so much fun to be around. Amber (and Jerrold) were not only at all my major milestones in my childhood and adult life, but were one of the first people to hold my first born baby. I'm going to miss her more than words can say. My thoughts, prayers and hugs go to all of her family.

“ I am so sorry about the loss of Amber. We attended Waterville Elementary School together until the Regan's moved to Wenatchee. We had lost contact for many years until we were reunited via Facebook a few years ago. I immediately felt a true friendship was developing. I will miss her poignant and often numerous postings and never forget when she and Symon visited me and brought flowers when I had surgery. I love and will miss you, my friend. May you rest in peace in the arms of God.
