“ *Shucking beans or peas with Grandma Fricke as a child I remember sitting in the back yard during one visit listening to the adults; watching Aunt Bert, Pam and mom chattering among themselves within the group and watching them enjoy each other's company. I always thought Aunt Bert had the best smile, her face glowed and her giggle was contagious. I didn't see her very often over the years but I will always remember her smile and laugh. I will always carry that memory with me. I'm sorry Pat Jo and Kelly. Please know we are thinking of you. I don't have a recent picture of Bert so I'm posting a few recent pictures from this summer when we took Pam, Clara and Mom with us to Hawaii. I always call it Nancy & Pam's Big Adventure when I take them anywhere. I hope it makes you smile.
