“ *The amount of memories we have won't fit on here. One of my favorites is when I would stayed over with Nicole & grandma would get so mad we would stay up till 6am, sleep till 2 & do it all over again the next day lol. Or hide & seek in that haunted house. You're not in pain anymore & finally at peace. Until we meet again one day.*

“ *From Chris Grimm:*

*Brad Kropi was born August 5th 1991.*

*Brad Kropi was my best friend, I met him in the first grade at John Newberry elementary*

*We have 23 years of friendship. I am deeply hurt and lost without Brad. He was truly a genuine good person. He fought for our 2nd amendment. Brad supported our troops and believed in our freedom. He was a true patriot of America. In all the years of friendship I could always count on Brad when I felt he picked me up, when I was up he kept me there. You will never find another person like Brad. He was always rooted for my success as I did his. My kids will miss him severely and so will I. Until we meet again Brad I love you.*
