“ Karen and Stacey...I am so sorry. I don't know if you remember me. I met your parents when your mom was employed at National Bank of Commerce and your dad at GTE and before Karen was born. Through the years we would run into each other and tried to catch up. Last time I saw your parents was before Mike and I moved to Arizona. Karen you might remember me, I worked at Washington Mutual when you were at the World. Again I am very sorry. Your mom was a great lady.
