

Celeste Katelyn Beaty

November 5, 1990 - February 29, 2024

Our cherished Celeste Beaty, age 33, was chosen by God to enter into the Kingdom of Heaven on February 29, 2024. We weren't ready to lose her but know that she is in a much better place. Celeste was diagnosed with Neuroblastoma at the age of five. She beat that and was completely cancer-free. In 2016 she started having complications from all the previous treatments. Throughout her later years, she was an absolute warrior, enduring so much with so little complaint while going through 7 different brain surgeries to resect tumors, proton, and gamma knife radiation. Her body gave up on her, but everyone who knew her, knows she never did. She stands in our hearts as a reminder of strength, perseverance, love, and compassion. Though we will mourn her loss daily, we know we will all be reunited in time.

Celeste was the sweetest, most loving soul and a joy to be around. She will be forever missed. Celeste will always be remembered by her parents Mark and Linda and twin sister Chelsea. She had a large group of friends and family who loved her unconditionally, including; Grandparents Linda and Luther, Aunts, Uncles, cousins, lifelong friends, and her longtime boyfriend Jesus. Preceded by Grandparents Keith and Lottie.

Celeste enjoyed Bowling, arts and crafts, camping, movies, and game nights, but mostly she was just happy to spend time with those she loved. She was always the brightest smile in the room.

A long-time worker at the NCESD, Celeste will be greatly missed. Though Celeste was a private person, she was an important part of her community, and her loss is deeply felt.

Celeste's incredible faith and Love of God was an example to everyone. She never stopped trusting him and was a testimony of His Love. Her journey touched the lives of many, leaving behind cherished memories and a legacy of strength and resilience. Her unwavering spirit in the face of adversity was an inspiration to all who knew her.

May Celeste rest in eternal peace, free from pain, and may her memory continue to bring comfort to those who mourn her passing. Please join us in remembering and celebrating Celeste's life. With heartfelt condolences, The Beaty Family.

A Celebration of Life will be held in the future. Please check back soon for time and Location.

“ *Celeste was always a joy to be around and her presence could light up a room. She always made me laugh. She loved selflessly and her caring compassion towards others was inspiring. She will forever be missed and she will always have a special place in my heart*❤️ *My love to you all*❤️

“ I am so grateful for all the memories shared with Celeste. We enjoyed swimming and bowling whenever we could meet up, and would stay out late in chatting until we were too cold or tired to keep going. There were a number of times when the restaurant we went to closed while we were still deep in our conversation, so we would go to our cars to depart, only to be standing in the parking lot an hour later still talking. One of my favorite recent memories was after a night of bowling, we stayed out trying to take pictures of the lightning display. We would stand with our backs to where we last saw the lightning, phone on selfie mode, just smiling like the crazy kids we were, waiting for the next strike to come while giggling about how silly we must look to those who passed by. We did manage to get a few good pictures from that night. Celeste always cherished her pictures and loved to share them. I enjoyed seeing her come alive telling me about her family and their milestones and all the stories that came with them. I will always treasure the genuine friendship we shared and the time we had together.

“ *Celeste holds a very special place in my heart. She was such a joy, always thoughtful and concerned about others regardless of what she was going through. I looked forward to seeing her every day and having our chats. Her sense of humor was great and she would crack me up—we laughed a lot.*

Here’s a funny memory...One day, we were heading to the Wenatchee Center for our annual kickoff/retreat day and she was in my passenger seat. I happened to notice she couldn’t see over the dash, so I had her grab a pillow to sit on and then told her how to adjust her seat to sit up higher. Well, then she couldn’t see anything because she was looking right at the sun visor. We got to laughing and she said, “Go ahead and open the sunroof, I’ll pretend I’m in one of those cars with no roof!” So funny!

Oh, how I love and miss her. Thank you for sharing her.

“ *I had the privilege to meet Celeste at the refurbishment center several years ago when Darlene was surplus-ing old science kits. Celeste was always kind and helpful and up for a little chat. It was nice to see Celeste more regularly at the main office and see her amazing smile and be in her positive aura. She exuded kindness and curiosity, and her presence will remain near and dear to my heart. With sympathy, Lisa Monahan*

“ *Celest was such a joy to have at the ESD everyday. I am so thankful for her attitude, hard work, and that smile. She was such a "go getter" and some of my favorite memories are hearing about her weekend camping trips and activities with her family. She was so very much loved by all us here at her "NCESD Family" - Pete Phillips*

“ Having had the privilege of knowing Celeste over the past 12 years has left an indelible mark on my heart that I will cherish forever. One of the many things I'll always hold dear are our early morning chats. Celeste would stop by my office, ready for the day ahead or recounting the joys of her weekends, particularly the cherished moments spent with her family. Whether it was camping adventures, card games with grandma and grandpa, or the joy of having Chelsey home, Celeste exuded happiness, radiance, and love whenever she spoke about her loved ones.

There's one particular memory that never fails to bring a smile to my face – her excitement about the family trip to Disneyland. For weeks leading up to the trip, we eagerly discussed her plans, and I told her I couldn't wait to hear all about it. I also said please send pictures! Then, one day, a text arrived with a photo of Celeste beaming proudly next to an enormous tray of food, accompanied by a message: "guess I was a little hungry." It was perfectly Celeste – finding joy in life's simple pleasures and sharing it with those around her.

While Celeste was often soft-spoken, her gentle sense of humor never failed to brighten our days. Her infectious smile was a constant, a testament to her resilience and unwavering positivity, even in the face of adversity. She reminded us all that, no matter our struggles, there is always room for joy and gratitude in our lives. And those nails! Oh, how Celeste's immaculately manicured nails were the envy of us all – strong, elegant, and impeccably painted. I would often tease her about my jealousy, to which she would simply smile and attribute it to a recent outing with her mom.

Celeste, you taught us invaluable lessons about life, love, and the importance of family. I am forever grateful for the time we shared together. Your absence is keenly felt, but your sweet smile and gentle spirit live on in our memories. Rest easy, sweet Celeste, knowing that you are dearly missed and forever loved.

“ Celeste,

You have left us with so many beautiful memories! Some of my favorites include your willingness to be silly, your grace, your compassion for others (even when you had immense struggles), your hugs, and how you lived for the moments. Your hugs were so powerful for someone so small as if you were sharing your love through the embrace. I also loved the quiet assurance you seemed to live with as if you understood something the rest of us are still trying to figure out. Even in your final days, you were all about taking each moment you were given to make sure those around you knew how special they were. You held hands with your friends and family as they visited, looked them in the eye, and made sure they understood how you loved them and how thankful you were for their presence. Your passing has been heartbreaking but also profound. In sharing your last moments, I saw such extraordinary love from you and all the friends and family that surrounded you. I continue to see you whenever I find a beautiful, peaceful place and enjoy a “moment,” when I listen to Celene Dion, when I see a sea turtle, when I find something the right shade of blue, and when I share a hug with someone. You have impacted so many; your beautiful spirit lives on, sweet girl, in all those who love you.

*Love you always,

“ Aunt Linda, Uncle Mark & Cousin Chelsea... I wish there were words to take away your pain... Celeste was such an inspiration to so many people with her strength of character. I look to her example with my own (smaller) health issues, and try to keep my smile going like she did. She was a fighter through way too many challenges stacked against her & still stayed positive.

You three meant the world to her- such loving blessings in her life and always doing everything you could to help her through doctor visits, following orders/meds, surgeries, etc. God knew exactly what he was doing when he put together your beautiful family💙💜💙💜. So many things will always remind me of her: sea turtles, dragonflies, roller coasters, kids climbing walnut trees like we used to together, and anytime I hear of someone battling through a health issue with courage- she will come to mind. I'm so grateful she beat cancer the first time as a young girl so that we got 28 more years of memories with her. God bless you three and give you strength in this time of grief. May He help us all to SMILE LIKE CELESTE (even through tears) 💙🙏💙

“ Oh, Sweet Precious, Celeste. Two little angels walked into my classroom at Mission View Elementary. Both Celeste and Chelsea carried the love of their Savior Jesus to everyone around them. Celeste beamed with joy even in the midst of any trials that came her way. She blessed me with her smile and her love that spilled out to all the other classmates. She grew into a beautiful young lady. I had the opportunity to see her on a few occasions during her surgeries and she was always blessing me with words of love and encouragement. I saw Celeste in the hospital in February and even though she wasn't able to talk much, she continued to sign, I LOVE YOU! Opening up her arms for a hug. I will never forget the love of Jesus that she poured out on me that day. She was an angel sitting under her Father's arms. I will miss you, Sweet Celeste. I know that I'll see you again free of pain but still with the love of Jesus shining on your face.

Thank you, Mark, Linda and Chelsea for sharing Celeste with all of us.

“ At all of our family events I remember seeing Celeste with a smile. Her smile didn't seem forced like many of us do just to be nice after a stressful day. Hers was real. As if she was having the best time of her life. I would wonder, how can she be so happy knowing she'd be back at the Drs office again soon. She seemed to know something that I wasn't understanding. I think she recognized how special time with family is. While I'd be distracted by all the stuff that needs to get done elsewhere, she could simply enjoy the moment. Whether it be a meal, a game or a good conversation she was present and loving it. I believe she also held a faith in Christ that gave her the strength to get past the tough times and smile and enjoy all of the good times. I hope I can learn from her. Celeste was such a sweet, kind soul.

Love you Celeste!

“ *My fondest memories of our dear, sweet Celeste wraps around the time of the holidays. She would always be eager to greet you with a warm hug. Grabbing your hand as she would motion for a sit down beside her. Celeste loved to listen to whatever journey or story that you were ready to share. She'd watch your face and gracefully laugh and smile at just the perfect time. Lately, I seem to have more tears than smiles. But then I remembered how she loved watching you love. The pictures I am sharing are of those times. All the grandkids piled onto Grandmas and Grandpas bed to watch a movie. There was a moment when I caught a glimpse of Celeste, arranging her cousins and sister on that bed, so all could see the TV and enjoy their time together. To live gracefully, to give generously, to love unconditionally...this is what I remember of our dear, sweet Celeste.*
