“ Dale is my cousin he's a couple of years older than me and he grew up in Port Angeles, WA. I lived in South Seattle.. 137 miles away ..or a ferry ride that shortened it up bit..

We always got along great when we got to see each other at our Hren Family Reunions..and other get togethers..

Due to the distance it was maybe twice a year..on AVERAGE.. in 1987 until this year our Families golfed anually together at the Willie ...Bernie Hren Memorial Golf mixed Scramble tournaments..fun times..all my cousins are 5 star athletes.

From 1987 until 2023...

Looking back.In our twenties we lived near each other.. My Wife and I would have him over for dinner before he married Chris.. We shared a common interest...Tennis...we had a great time battling it out at two tennis courts between our homes..

We were evenly matched, fit, young, and very competitive..

I had a backspin dropshot just over the net...he hated it ..I would hit to the back base line repeatedly ..then lay that on him..not always..

Had we lived closer together I'm sure we would have done alot together as kids...teenagers..

Then he married Chris and moved farther away. We were both busy with our marriages, Jobs and Kids etc..and usually always saw each other at our Family Reunions on Hood Canal, Wa..and the first one in 1957 at Point Defiance Park in Tacoma, Wa. guessing around 45 years..98% of them on Hood Canal, Wa..a good half way point between Seattle and Port Angeles, Wa..

Thank you Dale for being a good friend, we always got along great together..

Our Deepest Sympathy To his Wife Chris and her Family & his Brother Larry and his Family and & Terri...and her Family..for their loss..

*We all will see you in Heaven down the road Dale...no more pain,  
sorrow*

*What a reunion that will be..with all our Families and Friends...*

*Love Always Gary and Alice Hren*
