“ Dear Ones,

Along with the sadness at her passing comes the celebration of Dawn's life. Her sweet playful infectious smile with that twinkle in her eye are forever etched in my favorite memories. As a couple, Jim & Dawn were always so gracious and welcoming! Our kids learned to swim in their pool and we shared many happy times in their home. Let's not forget how special it was when Dawn and I were expecting babies at the same time!

I remember Dawn teasing about sending her first graders off to school - at the time that meant Trent, Lana and Jim! As I sit here reminiscing, memories continue to flood in from homemade hot cocoa by the fireplace after an evening of sledding, to women's Bible studies, to her famous taco salad at potlucks, to how thoughtful she was as she visited my parents when it was challenging for them to be out and about! No matter what came her way, Dawn always remained cool and collected, and saw the humor in every situation. She had a unique inner beauty that radiated to all in her presence. I was extremely blessed to have known her.

As you celebrate her life on Wednesday, know that you all will be in my thoughts and prayers.

“ Dawn and Jim Morgan bought the property next to our place and became cherished neighbors. We saw how much both of them loved children and what great parents and teachers they were. After Jim's untimely death, Dawn took over the management of the orchard. She had always been involved in the work and planning. It was not a new responsibility although she was alone. Dawn became the matriarch of her wonderful family. She cared deeply for them and they for her. In her years of ill health they made it possible for her to live her life at home and enjoy her family. She was an amazing and caring mother, teacher, grandmother, great-grandmother, neighbor and friend to all.

“ Sending the family our condolences. While I did not have the honor of knowing Dawn very well her legacy lives on in her children, grandchildren, and great grandchildren. May she rest in peace.
