“ Eddie,  
Before you were born, I worked at my lathe crafting your cradle.  
Years later, in the Tech Shop, we worked side by side as if you were my son.  
10 years ago, I attended your wedding. That same year, I lost a son.  
Now, we are left with memories of the life you lived, the work you accomplished, the family you raised, and the amazing way you touched our lives.  
Writing this my vision blurs, and I vow to live my life as you would want, to the fullest measure of my capabilities.

“ I met only Eddie a few times. I have children, nieces, and nephews, that went to school with him and have been friends of his for many years. Everyone I have ever talked to about Eddie had nothing but praise for what a man he was.

*The Bromiley family as a whole is a wonderful family, and I am blessed to call them my friends.*

*May your broken hearts and pain soon turn to wonderful memories of your time together.*

*God Bless*
