“ Our condolences for losing Freda. Thoughts & Prayers are with your family at this sad time. I will always remember the homemade goodies she would bring to the shelter.

“ Growing up, some of my fondest memories are from when I got to spend a few days with my cousins on the ranch. It was positively magical up there. The beautiful bluffs, the creek that we invariably "fell" into, collecting polliwogs, and the mud pie stands. And there was Freda, washing our muddy clothes, bandaging our scrapes and finding jars for our polliwogs always with a smile. One time in particular I got sick while spending the weekend. I remember her holding me and stroking my hair just like I was one of her own. As I grew older the visits were less frequent but always an adventure. In 7th grade she pierced my ears using an ice cube and a needle. It felt like a right of passage. I was so thrilled! As time went by and I got older and busy with a family of my own I saw her less and less. But I recall those days on the ranch often and will always think of her when I look at those beautiful Badger Mountain bluffs. I love you Aunt Freda. Thank you for everything.
