“ Regrettably I haven't seen Greg in quite some time. I will always remember the times I did get to spend with him. Whether it was him absolutely beating me up towing me around Lincoln Rock on a tube or catching perch at Fish Lake with Sam, my Uncle Ric, Jordan and Taylor. He always had a very generous heart and that big goofy smile watching us all do stupid stuff and having fun. He made time to take my Grandpa Iverson and I fishing for trout at Fish Lake one year when we were in the area overnight... because that's what he was, generous. I'm sure he had plenty to do at the orchards, but he took us fishing. He will be missed and I for sure will always remember all the good times had in his presence. My love to all the family.

“ Dear Parker Family,

*I am so sorry for the loss of a great man. I have very fond memories of Greg throughout my childhood. From him telling all us to shoot the birds in the orchard, to us kids getting caught throwing rocks at the neighbors goats and him making all us boys go pick up every single rock in the pen the next morning at sunrise. To him whipping me around out on the water behind his boat at Lincoln rock. Also him telling my chubby self to eat all the lobster tail I wanted at the Atlantis hotel in Reno. His smile was contagious and that's something I will never forget. Sam I know it's been many years since we have seen each other but if you need anything or want to talk ever please contact me. Greg you are one of a kind and please say hi to my mom up in heaven and rest easy. I love you Parker family*
