Gustavo Urbina Sotelo

July 19, 2000 - September 23, 2022

Cashmere, Washington

Gustavo Urbina Sotelo was born on July 19th, 2000, in a town called Valle de bravo in Mexico. Gustavo was such a blessing considering he was the first grandchild and being an only child. Gustavo was a very happy child - he loved to dance and was such a playful little boy. Gustavo was a very smart boy; he was the best of the best.

Later on in Gustavo's life, his parents left Mexico to the United States. Sometime passed and they brought Gustavo over here with them. It was a very hard time for Gustavo, trying to learn a new language and adapt to a new lifestyle. He did everything he could just so he could learn English. He loved learning new things.

Later on in Gustavo's life, he met a girl named Dulce - they were inseparable. They were always together. Later in their life, they had a baby named Rutila. She was the light in Gustavo's eyes. She was his everything. I have never seen him so happy until she came into his life. He was always taking care of her; he never dulled a moment with her.

Gustavo had been working in construction. He was a very hard worker - you could tell by his hands. Gustavo was a funny guy, caring, and a lovable dad. He was everything he wanted to be. He changed for his baby, and he is always going to be alive in our hearts.
