“ Jack was an outstanding example of a hard working man. He was also there any time I needed help. When I lived in Rock Island, he let me borrow his riding lawn mower and I would ride it from his house to my house and back again. He talked me into joining his bowling team one year and we always had a great time, and I loved hearing him laugh. I've always had a tremendous amount of respect for him as he worked hard to provide for his large family. 💕💕
