“ *Bill, Mark, Scott and families,  
Thinking of you and all the loving memories of Joan, your Mother  
and Grandmother, you must have. She talked about all of you often  
and loved you very much. Joan was a very special person and  
friend. I enjoyed working and lunching with her. We enjoyed each  
other's company and laughed a lot. I have thought of her often. RIP  
My Friend!*
