“ *I had the pleasure to work with Jordan for the past few years at Fred Meyer. We worked more closely this past year in the Click list department after I transferred back from the home department at the beginning of the pandemic. Jordan talked often about his outdoor adventures, his family, his love Ivy, and much more. His absence is felt by all of us in the department he was a wonderful co-worker, and just a all around great guy with such a spirit and will be missed. My deepest condolences and heartfelt prayers to his family, friends, and all who loved him.*
