“ *Liebe Familie von Charlotte and Ken,*

Meine herzlichen Beileid.

I was cleaning out some things and found a letter from your parents today. They had just moved into their newly built home and sent a picture. I looked them up since I will be visiting the area soon and was going to see if we could meet up. Our families both went to the German School in San Jose back in the 90s. We had many fun times, meals and biers together.

*Liebe Gruesse,
Annie & Bill (RIP)*
