LaNay was a loving and caring sister. Growing up we were always together, I could tell you a lot of stories about her and I but there are so many I'd have to write a book! One of the stories we always talked and laughed about was when we stole my dads tractor and drove it down the road to our friends house...

I loved having my sister over to the house every summer, sitting in the backyard and talking long into the evening.

We (LaNay, Carol and I) looked forward to our yearly ocean trips, she called us the three musketeers.. Always together, Always Forever, enjoying each others company!

I will miss her more than words can say...Forever in my memory!

“ *My aunt LaNay..., What words can describe her as she was and still is in my heart. The first thing I see is her smile.. mischievous, like You don't know what's coming! She was a rebel with a purpose, she lived life her own way. I respect that. Wise and thoughtful she brought meaning and understanding to our lives.... there are no words.*

She was a beautiful lady and I loved her....

I am blessed to have had her in my life.

Her absence will not go unnoticed... Her love has touched us all.

“ *My sister will walk beside me every day. She loved her family. She loved boating and camping and going to the ocean. She loved the smell and sound of the ocean. Our trips together meant so much. Great fun! As you always called me CaralAnne. Love always!*
