“ L.D. my friend for many years, will certainly be missed. I met L.D. when I moved to Wenatchee in 1969. Those were good times, and as some of us know Wenatchee was a fun town at that time. I have many a memory of those days with L.D. and his cousin Mike Byrd. We were a crazy bunch back then, but remained good friends over the years, regardless if we saw each other or not. RIP buddy, thanks for the memories.
