“ Aunt Linda, I love and miss you. Thank you for so many cherished childhood memories - Christmas baking day and teaching me to sift flour and pack brown sugar, for taking me shopping to buy Christmas gifts for the whole family for less than \$20, for the seven course French dinner when I learned to properly eat soup, for sleep overs, and fun. Uncle Bob and Robbie, We are so very sorry! We love and miss you. You are in our thoughts and prayers.

“ Bob & Bob (Rob) I ran out of room We just wanted to say. Linda was just too young to leave this world. Eddie looks at me and I look at him and we just say no! We couldn't, But you have to. And we have to except it and carry her with us. Just know that we love you, we care, and I am just a phone call away when either of you are ready. Love and deepest sympathy. Eddie & Kar

“ *Bob & Bob(Rob), This came as such a shock! We were hit so hard, I can't imagine what it's like for the two of you. There are so many wonderful memories of all the days and nights of puzzles and games. Sister's Birthday & sister's Xmas, and we always played Linda's way because nothing was fun without Linda. I remember she even made moving around the living room from chair to chair. I look back and think how could we have had so much fun moving to another chair?? But she did she made everything fun. She was also good at making things feel special. I want to thank you for all the times you let us have no Husbands or Children nights so we could stay up All night for what ever we were into at the time. Although we haven't talked much lately when ever we did, We talked 4 to 6 hrs. At a time. I hope it's not too awfully long before we see you two again.*
