“ Linda was very dear to me. I lost touch with her after high school. I have wondered so many times and made attempts to find her over the years with no success. I am so sad. She was cute as a bug, soooo much fun, always happy and had a great laugh. I spent quite a but of time at her house with all of the horses. I even watched a foal born in her barn. She had a momentous bonfire at her house when we were juniors. I remember her parents well. I loved Linda and am so sorry for her loss. Rest in peace my dear friend.
