“ We did not know Lisa or any of her family, but have a connection by way of Angie Riffert. We would like to extend our sympathy to everyone. So sorry for your loss.

“ Words cannot express how sorry I am about the passing of our sister, Lisa. I only wish I would have known that she was sick so I could have told her goodbye and told her that I really loved her. Her time on earth was too short. She had three beautiful children and my heart aches for them right now. Now, more than ever, I will cherish the brief encounter that Lisa and I shared and our phone calls that were always filled with giggles. I feel truly blessed that I had that time with her. Although we cannot physically be there to share in the celebration of Lisa's life, please know that we will be thinking of each and every one of you.

Love,

Denny, Angie & Ashley

“ Dear Lorisa, Alex, and Elena,
Nothing I can write or say can make your hearts ache less, or your tears fall slower. Your Mother was, and always will be with you no matter what. You three are the reason she lived. As the days go by, the strength and the love she instilled in each of you will rise to whatever challenges or obstacles that come your way. I'm sure you will make her proud as you venture ahead in life.
Always remember the smiles, the hugs, the love. They will never go away.

I love you guys,
Uncle Mark

“ *To Lisa's Children: Lorisa, Alex and Elena*

I have lost my baby sister, and it hurts sooooo bad. But I can only imagine how hard it is for each of you losing your Mother. Maybe I shouldn't use the word "lose", because I know Lisa will always be a part of all of us. I am so thankful that each of you inherited some of her strenght, and I know you will always do the things that would make your Mother proud. But please remember, most strength comes from family, and everyone in our family is here for you for whatever you need. Be strong, but never carry a burden because you feel you are alone. I love you!
