“ *Ruben, we send our deepest condolences to you and your family. We know from experience how hard it is to lose a loved one.. Lupy, if anything, knew how much she was loved by you Ruben. She knew what what was going on with her health and the possibility that she wouldn't make it. But I bet you that she was at peace and ready for her next endeavor. She had God in her heart and you by her side, that's all she needed. Tho she may be gone from this life thus leaving us to grieve and suffer that she is gone, but I bet that she went peaceably to her God. Take care of yourself and your family and we are here for you when needed. Love you.*
