I miss you and the only reason I'm stayn strong in front of your sisters, mom and dad is because I wanted to make sure you had the best farewell until we see you again memorial. “ I still can't wrap my head around the fact that you're gone. I just keep imagining all the good times we had, like working in the orchard and you would always be singing and dancing. You were the entertainer of the family! I remember us cousins playing basketball in the middle of the street, if only we could go back to those days when we were all happy and together as a family. I don't understand why you were taken from us so early, but I do believe that it was for a reason, and that God has a plan. I just don't understand how you can be gone and I didn't even get to say goodbye. Take care of us Michael, I believe that you are here with us and that you will be waiting for us when each of our times come. I love you Michael ❤️

“ It truly breaks my heart that your gone and not taking full advantage of you while you were here. I wish I still got those phone calls hey who are you going for? And those long conversations on why Mayweather is the best, you knew what or who you liked and you never backed down I wish I was as strong as you. Michael you are our family's backbone and without you we are nothing. I love and miss you so much.

“ Our sweet Michael...born when I was 12 years old and your parents let me name you, Miguel Angel is the name I chose. And I think it fit you perfect. Michael our Angel. Your death has brought me to my knees. At first I questioned god that he didn't exist because if he did he would have never let this happen. He would have protected you and protected us from this pain...but as the days go by I have to believe god is real and he chose this to be your time and ours too. To celebrate YOU. I have to believe I will see you again and you will be waiting for me with one of those hugs you always greeted me with. I love you Michael.

“ The thing I will always remember about you is your smile. You have that biggest smile on the planet. When we were young we had our fun times.... you and me Luis and Robert in Rock island hanging out 7 days a week during the summer time. Going swimming, fishing, and doing things that teenagers do--get into trouble! But you always kept a smile on your face thru it all. You would always be cracking the jokes day and night and you always wanted to share your happiness with everyone. Your smile and happiness will be missed brother.

“ It's hard to accept that you are gone man, it seems like it was just yesterday we were going to school together riding the bus to school everyday from rock island with your uncle Javi and sister Vanessa...I remember when we use to play sports at the rock island park and have a great time...I'll never forget you man, I pray for your family and your dad who I admire very much, I believe that God gives us family to cherish and enjoy moments when we are on earth but He also comes for us when it is time, as soon as it may be, but one thing is true and that is we will miss you always Michael

“ We love you MICHAEL!
A nephews eyes have gone forever
His SMILE, his laugh, his face.
Where once he stood, before us
A lone picture takes his place

Gone to soon, A fine young man
From here, your place of birth
I can't believe, that this is real
That you no longer walk on this earth.

Reality is, I know it's true
But still I can't believe
A fine young man, with so much life
Really had to leave

We LOVE every moment we had with you and cherish you dearly
We watched you grow and learn.
MICHEAL, we shall meet again
When it's our time, to go to heaven.

Michael your smile was the BEST. We know God is with you, May
you rest in peace.

“ I remember hanging out with Michael and joking around with him. He was always a joy to be around. Out of nowhere he would start to sing to songs that were playing and sometimes dance. He was never boring or rude to anyone. He always helped out when needed and listened to people. Always a good friend and had a big heart. He will be missed but never forgotten. Rip dude.

“ So when Michael worked with us at Schlaman Orchards a few years back I remember Fermin had put these two girls to help out with the swamping and I had to supervise them to make sure everything would run smoothly and I remember that they would never really be there when I needed them. I began to swamp to get the job done and I remember telling Fermin to get someone else different and he went to ask Michael if he would do that job instead and he said he would. I told Fermin I just remember being so happy because he lifted so much weight off me and he was such a good worker, not only good but a fast worker. And that day I remember thinking Thank You God for sending me such a good helper, and the joy he always had in his face even though it wasn't such an easy or fun job. He never nagged about that and I thank him for that. The other times I saw him he just was so joyful and now I think why was he so joyful, Well I truly believe he has gone with the Lord and he will rejoice with joy all the love that many of you all shared with him. May your soul rest in peace and may God comfort all the Ontiveros family with his true love. Michael is not lost but has gone home.
