“ *Totally sad to hear of my two younger brothers dad passing. Still can't believe it's real. Condolences to my brothers and norms family for their loss. Norm was a great guy and he will be terribly missed. I remember working with norm in the cherry orchards and helping him clear out his place on badger mountain. Learned a lot from him even how to ride a 3 wheeler. He was a generous yet strict step dad and always took care of us. He taught me if you want something you gotta go out and get it not sit and wait for it to come to you. He was like my second father. He helped me find my dad and as a wedding present he helped me connect with my dad and know my dad for the little time I had left with him before he too passed away. Rest In Peace norm.*

“ *I met Norm years ago when he came to work on my farm for cherry harvest. He was at every harvest for all those years until just recently. I trusted Norm. He would make sure that harvest went well. Letting me know if there were any problems that needed to be addressed. During that time we became friends. He came to visit often. We would talk about Our families and friends. Catch up on each others lives. Tell jokes and laugh. I enjoyed seeing him. If there is one thing about Norm that I will remember years from now it was his laugh. It came from his heart, from his core. If I stop and think for a moment I can still hear him.*
Rest in Peace Norm
You will be missed.
