“ Our thoughts and prayers go out to Sammie, her family, and to her many friends who loved her dearly. It has been very difficult to know of her sickness and not be able to hug her as we normally would. Sammie was a friend in many ways. She was a terrific listener and gave of her time. She was very generous and helped many. She spent a great deal of time knitting around 500 hats for the homeless and those in need of staying warm. Sammie was a wonderful organizer. I tried to be more like her but never quite reached that goal. She will be dearly missed from our lives. We will all treasure the wonderful ways that she enriched our lives. Sammie had a great faith and we look forward to seeing her again.

Sincerely,

Darlene & Chuck Meischke and Family
