October 29, 1950 - October 28, 2021
Wenatchee, Washington

Ray Robert "Mac" McGregor died on October 28, 2021, at CWH due to complications of COVID.

Mac was born in Wenatchee to Lois and Al McGregor on October 29th, 1950. He grew up and attended school in Peshastin, graduating from PD high school in 1969. He excelled in track and basketball during his high school years. He played basketball at Wenatchee Valley College after graduation. He married Kristy Hanson in 1971 and they were married for 28 years. They had one child, Denie.

Mac went through the IBEW lineman apprenticeship and joined the Douglas County P.U.D. as a lineman. He worked his way up and retired as the Superintendent of Distribution.

In his younger years Dad loved to golf at Leavenworth golf course. He also coached many kids in AAU basketball, and he also refereed high school games. Dad taught himself how to play the guitar and entertained at many family gatherings (never quite finishing any song he started). He later liked to

go fishing, especially with his good friend Fred, and just visit with friends. He married Kristy Harris and they were married for 10 years.

Dad volunteered at Serve Wenatchee Valley for many years. He had previously attended church at First Presbyterian and was in a small group for years.

Dad did not have an enemy, everyone that met him immediately liked him. He would literally do anything for anybody, you could always count on him. He will be greatly missed by many family and friends.

Mac was preceded in death by his parents, and grandparents. He is survived by his daughter Denie (John) Cannon, Grandkids, Mckenna, Kahler, and Teagan Cannon. Brothers John McGregor, and Roy (Cookie) McGregor, and many nieces and nephews. He is also survived by his special friend Camella.

This daughter would especially like to thank all of the physicians, nurses, CNA's, respiratory therapists, case managers, pastors, and all other healthcare providers for their long hours, professionalism, and dedication to their patients and family during this very difficult time.

A Celebration of Life will be planned for late spring/early summer. Notification will be printed in paper at that time.

“ I was privileged to have Mac as a friend at the PUD. He was always approachable and ready to talk. His responses were useful to me where I would understand the history and goals of the leadership. I learned more about his story and involvement within the community. Mac began his career as a linesman in the "hooks" retiring as the superintendent. He knew what getting up in the dark of the stormy night required of the crews to restore the electricity. He was a workplace friend. Sincerely, Dana Detjen.
