Rick is survived by his wife Carol "CJ" Morrow, (mother) Jerry Hersel and husband Marvin, (sister) Rennea Smith and husband Randal, (brother) Kelly and wife Elese Hershel, (daughter) Taylor, (granddaughters) Veida and Lena. The children he stepped up for and helped raise, who call him "Dad". The grandchildren who lovingly called him "Pa-Pa", his many nieces and nephews, and all who celebrate his life.

Born and raised in Wenatchee, Washington where he called home for 69 years. Rick was proud of his many accomplishments. He graduated High School at Wenatchee High, joined the Navy and was honorably discharged. He obtained his black belt and mastered in mixed martial arts. Here he earned his nickname "BONE-FU", and went on to become an instructor. He coached football, wrestling, and girls softball. He mentored many in the way of their recovery journey through "AA" working the steps to take the right action.

Rick worked for Chelan Co. PUD as a Journeyman Mechanic, Foreman Mechanic, Utilityman, and Seasonal Helper, before retiring after 37 yrs. He worked at both the Rocky Reach Dam and Rock Island Dam where he made

many lifelong friends. Rick took classes for his work to become certified in Emergency Medical Response and practiced duties as a firefighter.

Those of you who knew Rick, knew of his deep and profound passion for music. As a young boy he enjoyed singing and playing various musical instruments, before mastering the guitar. He took those skills on the road with "Jerry & The Jerrymen" traveling the country. As a singer/songwriter, Rick composed his own music and collaborated with many other musicians. Over his years in the valley he spent his time playing during fund-raisers and gigs along with large events like Apple Blossom. In his final years- Rick, along with several other talented musicians, formed the rockband "RULE-62". Their passion and dedication was just as impactful as their musical message- SOBRIETY.

Rick's music was his life and release, and it will live on with his memory.

“ I knew Rick through Taylor, and sports through middle school. While I was a manager at the jewelry store he would always come in and visit. I'd listen to him jam out when he was playing somewhere. I always enjoyed his vibe, and it's something we all need a little more of! Sending the entire family, and CJ, the biggest hugs and strength.

“ Rick , thank you for everything you've ever done for. Thank you for being a father figure to me and so many others. I am so happy that you are free from your disease of ALS. Thank you for giving me the love of the game. Softball and baseball changed my life. I remember after a great win or a long tournament we would go boating. We would have so much fun riding the tubes and watching you have a panic attack while laughing hysterically but also say s*** don't break anything. We had so much fun. I can't wait to share many more memories with my family about the coach, 2nd dad, and best friend Rick made my childhood so exciting. Thank you.
I'll miss you so much!
Love you.
