“ I JUST learned of Rita's passing after googling her name..... 😞  
I'm SO sad to hear she's no longer with us. I've Really missed her & Baby....

She'd walk past several times a day, & many times stop in to visit. She was such a sweet lady. Baby would always be excited to see me & Rita laughed about it. Telling me Baby didn't like many people. I took Rita & "Baby" for a drive last summer up around the Plain, Lake Wenatchee area just to get her out.

We had a GREAT time & she thoroughly enjoyed herself.... It was a Beautiful day in many ways.

Baby was her world & she LOVED that little dog more than life itself. I saw her in the hospital last fall & she was SO WORRIED about her "Baby."

Thank You Brent.... To you & your family for taking care of "Baby."  
My HEARTFELT Condolences to you & your family in the loss of your mother.

She's Surely MISSED here.....

Kristi (neighbor down the street).
