“ I have known Bob for 25 to 30 years. We were neighbors when we use to live on Lynn Street. I also became a customer @ Bob's & he always did a great job for me on my equiptment. He was honest and fair and will be remembered for that. I would see Larry around town and would always ask how his Dad was doing. I do know that Bob enjoyed his work & truely loved his customers and friends. He always had a story to tell & just enjoyed telling them. To the family during this difficult time, you have my deepest condolences and prayers.
