“ My heart is filled with sorrow upon hearing of Bunny's passing. My sincere condolences are extended to all her family and friends. I worked with Bunny for many years, she was funny and kind hearted, and always up for the fun things we did around the office. Every year our office took part in the Halloween Costume event. I still think the first year was the best - our theme was The Wizard of Oz. Bunny went way beyond the norm and presented herself as one of the "Flying Monkeys." She was GREAT! I believe she made that costume herself - the perfect Halloween character. Thank you Bunny for the laughter and fun times. I will remember her always and I am saddened that her retirement years were way too short. "Like a bird singing in the rain, let grateful memories survive in time of sorrow." ~ R.L. Stevenson

“ My heartfelt condolences to Bunny's family and friends. We worked together at the PolyClinic for many years and I loved her. She always smiled and had kind words. And she laughed; I loved hearing Bunny laugh. I will miss her dearly and wish kindly on her family.
