“ I had the honor of seeing Renee's pretty face every day I was at work! She always made me laugh! I remember we were at work during lunch and she received a call & couldn't understand the voicemail so she asked Jessica and I to listen... well they said Shirley and I had no idea her name was actually Shirley... so I blurted out "well they called the wrong person cause who the eff is Shirley?" So then our inside joke was Renée had an alter ego 😂 thank you for all the laughs Renée. The motherly advice and just everything you taught me in the 3 years I worked with you. I love you mama!!

“ I had the pleasure of working with Rene for several years in the dental office. She was my "work-mom" I would go to her for advice and guidance. She always knew exactly what to say and gave the best hugs. She was truly an amazing soul and will be missed so very much. Fly high mama Rene.

“ Renee, she's one of the truest, dearest, most beautiful souls I've ever known. To have been a part of her inner circle was an honor. There are people that come in and out of our lives. Some leave a whisper, some leave a memory, but others leave an imprint. When Renee touched your life, it wasn't for a brief fleeting moment, her touch on your life meant something. Her touch will always be there and it will always burn bright. I'll forever miss you. Kathy

“ *Renee was kind, loving, compassionate, and stubborn. She always made sure everyone was okay before she took care of herself, even til the end. She will be cremated soon and we will have a family and friend gathering in Spokane in the spring when the weather is better. She was the best mom anyone could have asked for. Please share stories, love, and kindness here of all of your happy memories of Renee.*
