CE

“ *Teddy was a childhood friend. He would spend most every summer with his grandparents Josephine and Lee Book on Camano Island. Josephine and Lee were friends like relatives to my famiy. I remember Teddy so well going to the beach and hoarding cookies his grandma made. His grandpa always had a Coca Cola for us when we would help clear brush on their property. Teddy was a good kid and was surely loved by his grandparents and my parents also. My name is Clarene (Bower) East and I live in Cashmere and would love to talk with any member of his family.*
