“ I'm saddened to hear of Vern's sudden passing. He was a very authentic person and I always enjoyed hearing stories of he and Bert's motorcycle adventures. So sorry to hear, Bert. Kind regards, Mike Walker

“ I have been Vern's health insurance agent since 2009. I am stunned and saddened to read of his death. His birthday was to be May 28 so I'm sad he won't get to celebrate that next one. I always enjoyed trying to find a motorcycle-oriented birthday card for him. My memory of him - He knew I was terrified to drive on his steep curvy road, which I did the first (and last) time so he'd meet me at the Apple Cup for our annual reviews. I will deeply miss chatting with him every year. I offer my deepest sympathies to his brother and family whom I don't know. My heart goes out to them since Vern's death, I'm sure was a shock to all of us. Gaylen Willett, Chelan
